

28th International Conference 'Cardiology Today'

16 – 17 April 2022
Hilton Nicosia Hotel
Nicosia – Cyprus

Under the auspices of:

www.cycardio.com

Message from the Conference Chair

Dear colleagues,

Through this message I would like to invite you to the 28th International Conference “Cardiology Today” which will take place at Hilton Hotel, Nicosia, on 16 and 17 April 2022. The International Congress is organized by the Cyprus Society of Cardiology every 2 years. SARS-CoV-2 pandemic forced us to postpone this congress 2 years ago and finally organize it in a virtual only format. This year we are optimistic that we will be able to organize our congress in a hybrid form.

The organizing committee tried to create a program which includes hot topics of cardiology. We have invited several international speakers who are considered top experts in their respective fields. We believe that their lectures will improve our level of knowledge. We also expect that they will trigger interesting discussions. Our conference will also include a joint session with the European Society of Cardiology. The topics that are going to be discussed at the conference include arrhythmias, cardiac surgery, invasive cardiology, prevention, cardiomyopathies, and imaging.

A detailed programme will be published soon. We believe that you will support the efforts of the organizing committee by attending the conference. We hope that this conference will also be an opportunity to see each other in person and discuss, after more than 2 years, something that we have all missed!

Theodoros Christodoulides
Conference Chair
President of the Cyprus Society of Cardiology

Organizing Committee (in alphabetical order):

Christodoulides Theodoros
Christou Christos
Constantinides Thrasos
Daniel Georgia
Eftychiou Christos
